are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood, or have so drained the woman's life that she has no vitality to give

No medicine can cure organic barrenness, but very few women are naturally barren. Nature intends/that every woman shall bear children, and Wine of Cardui, Nature's remedy for weak women, imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable.

Wine of Cardui has brought health to 1,500,000 women suffering from every ki. of female trouble. The Wine regulates the menstrual flow, which is the foundation of every woman's health. Barrenness usually yields quickly after this important function is regulated. Wine of Cardui also prevents miscarriage and cures bearing-down pains.

In any event Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy. The letters from these grateful women printed to-day are the best evidence that anyone could give.
